OUTLINES.

Telegraphers' strike spread rapidly yesterday and reached New York and spread to many Southern cities; there are now thousands of men out, and the strike increases hourly; the Western Union and Postal Companies and the Associated Press are affected; the strike has also spread to Canada.——In a statement given out at the Standard Oil Company's offices in New York yesterday, the methods of the Government in attempting to secure private information from an English oil dealer, is laid bare.——Wheat declined 3 cents a bushel in Chicago yesterday.——The New York Stock Market verged on a panic yesterday, many securities taking a sharp tumble; Standard Oil dropped 25 points to the lowest price since 1899.——Ten cases of yellow fever have broken out among the American troops at Cienfuegos, Cuba.—In Long Island Sound yesterday a three-masted schooner was sunk and four men drowned as the result of a collision with the Neptune Line steamer Tennessee.——Prince Li, nephew of the Korean Emperor, has arrived in New York, and denounces the Korean court as traitors, declaring that they sold them to the Japanese.——Attorney General Bonaparte announces that criminal proceedings will be brought against both the Standard Oil Company and E. H. Harriman if the Government sees a chance to convict, and that at any rate action will be innstituted to compel Harriman to answer the questions which he refused to do before the Inter-State Commerce Commission.——The Nek York stock market verged on panic yesterday, many prominent securities making sharp declines; Standard Oil took a drop of 25 points to the lowest price since 1899.——Richard Mansfield, the eminent actor, is in the Adirondacks, but his condition is unimproved.——New York markets: Money on call strong 4 to 4 1-2 per cent., ruling rate 4 1-4, closing bid 3 1-2, offered at 4; spot cotton 10 points lower, closing quiet at 13.30; flour dull and steady; wheat weak, No. 2 red 89 1-2 elevator; corn firm, No. 2 62 elevator; oats firmer, mixed 57 1-2 turpentine and rosin firm.

How are they going to make a new New Bern out of New Bern?

Trustbusting is a bull hard-luck story in Wall Street.

The financial reports say that "Europe is guarding gold." Europe probably sees something coming.

Rather than take a dare a St. Louis man secured license and got married. Hereafter if he hesitates to take a dare it will show that he is tired running risks just for fun.

"How do the Senate Republicans rank, now?" inquires a Republican contemporary that has a desire to know things. It appears to us that they are all rank.

If the Standard Oil Company pays that $29,240,000 fine, we speak for a million of it for that 30-foot channel for the Cape Fear from Wilmington to the ocean.

"Every dog has his day," is an ancient saying, but no dog ever had so many days as the bears in Wall Street are now having. The bear who has been a bear all along can wear diamonds.

Karl Hau was convicted of a cold blooded murder in Germany. But after he was sentenced to death there was a great popular demonstration in his favor. His victim was his mother-in-law.

Somebody has declared that a soap bubble is the thinnest thing ever known. For thinness, has he ever examined the Republican argument that European manufacturers pay our tariff taxes?

The Salisbury Post is a winner. Editor Julian has given that city an excellent daily paper, and the patronage has been so appreciative that another linotype machine and a Cox Duplex press will be added to the outfit. This means that the paper is to be enlarged and improved. It pleases The Star.

The Terre Haute (Ind.) Tribune says: "A St. Louis boy is living with only a spoonful of brains in his head." When he grows up he may be one of the kind who can be persuaded that the Republican party will revise the tariff in the interest of the people instead of for the predatory individuals of the country.

The depth of depravity to which human beings may reach is illustrated in this paragraph from the Savannah Morning News: "It is a pity that Justice might not open her eyes and aid in the search for the miscreants that set fire to property at Fortson and then, when the citizens were engaged in fighting the flames sought to rob their homes."

TO HEROIC WOMEN

Arrangement Complete For Ceremonies of Unveiling at Moores Creek Battleground.

PROGRAMME ANNOUNCED

Hon. Chas. R. Thomas the Speaker. Committees in Charge of Each Department—Good Order Will Prevail and Picnic Given.

(Special Star Correspondence.)

Atkinson, N. C., Aug. 12.—The programme for the grand celebration and ceremonies of unveiling a handsome monument to the heroic women of the Lower Cape Fear section during the Revolutionary period, on the historic Moore's Creek Battleground, near Currie, on Thursday of this week, was completed today, and an immense crowd is expected on that day. The programme is as follows:

10 A. M.—Prayer by Rev. A. D. McClure, D. D., of Wilmington.

10:10 A. M.—Presentation by Hon. Edmond A. Hawes, of Atkinson.

10:20 A. M.—Acceptance by President James F. Moore, of the Moore, of the Moore's Creek Battleground Association.

10:40 A. M.—Unveiling of Monument by Miss Lillian Colvin, assisted by Miss Katie Bannerman.

10:50 A. M.—Decoration, Misses B. B. Lucas and Jennie Hawes, assisted by thirteen young ladies representing the thirteen original colonies.

Song: "The Old North State," led by Mr. G. J. Moore.

Music by the band.

11:30 A. M.—Speech by Hon. Chas. R. Thomas, in the large pavilion.

Song: "My Country, 'Tis of Thee."

1 P. M.—Dinner.

Music by the band—"Dixie."

The following committees will be in attendance:

Arrangements and Dinner—Messrs. Geo. J. Moore, chairman; W. F. Bell, W. R. Walker, W. H. Lewis, A. C. Ward, E. E. Murphy, E. A. Hawes, Sr., M. M. Bullard, John D. Everette, G. F. Lucas, H. A. Bland, J. A. Murphy, J. D. Arnette and J. E. Henry.

Committee on Music—J. R. Hawes, J. F. Simpson and T. H. Henry.

Committee on Visitors at Station—A. C. Ward and W. L. Nunalee.

Committee on Water—A. C. Moore and C. D. Bell.

Committee on Speakers—M. M. Bullard, J. F. Moore.

Special Deputy Sheriffs—E. A. Hawes and J. F. Moore.

Booths—W. R. Walker, James E. Henry and J. F. Simpson.

Mr. John R. Hawes will be chief marshal and he will be assisted by fifty aides, all mounted. The services of four officers from Wilmington has been secured, and these with several local deputy sheriffs will see that the best of order is maintained on the grounds. The public at large is cordially invited, and as there will be an immense crowd, it is hoped that those who can do so will bring well filled baskets.

President James F. Moore and Secretary E. E. Murphy, of the Association, and the several committees are working hard to make of the occasion a magnificent success and everything points that way at the present time.

CAPTURED BAD NEGRO

Ruffian Who Assaulted Deputy Sheriff W. H. Howe Last May.

Henry McCulloch, a negro with several aliases the most descriptive of which is "Bruised Blood," was arrested at a late hour Saturday night by Policeman Leon George in Turley's alley. The negro had been making himself scarce since the 11th of last May when he violently resisted arrest by Deputy Sheriff W. H. Howe, who was armed with a warrant for him from Justice Bornemann's court. The negro severely beat the officer about the face, in consequence of which he was laid up for nearly two weeks. McCulloch made good his escape but the officers have been on a still hunt for him ever since, Justice Bornemann personally offering a reward, which was paid to Officer Leon George when he landed the prisoner in jail Sunday morning. The negro was very impudent at the preliminary trial in Justice Bornemann's court yesterday and he was held in $500 bond for his appearance at the next term of the higher court, the charges being resisting an officer while in the discharge of his duty and an assault with a deadly weapon. "Bruised Blood" will likely get a good long term on the roads for his assault upon Mr. Howe, who was a deputy sheriff at the time of the affair.

FOURTEEN BEFORE MAYOR

Police Court Docket Yesterday a Heavy One—Several Recruits for the County Roads; Others for Higher Court.

The Mayor came into police court yesterday noon from a conference with the Streets and Wharves Committee in regard to the cloudbursts of the past two or three weeks, and remarked upon taking his chair to hear the cases that there seemed to be a dark cloud even in the court room. The prisoners' dock was crowded with ebony hues of many classes and conditions, there being 14 cases all told.

Lebby Lane, arrested by Officer W. G. Brinkley for an assault on his wife, was fined $10 and costs in default of which he went to the roads for 30 days.

Henry Jackson, Dock Howard, William Davis and William Seff, a covey of crap shooters flushed by Officer J. S. Lane and J. B. Hall in a house at Front and Wooster streets in the wee sma' hours of Sunday morning, owned the corn and were bound to the higher court under bonds of $50 each, which they couldn't give and went to jail.

John Watson, charged with disorderly conduct at the county jail Sunday morning by his son-in-law, Jailer E. S. Capps, was sent to the roads for 30 days. The arrest was by Officer E. L. Smith at the request of Mr. Capps.

Bonnie Martin, white, drunk and arrested by Officer T. G. Evans, was let off with the costs. A. A. Turner, white, who fell by the wayside at Front and Red Cross streets and was taken in tow by Officer Mark Jones, did not fare so well and contributed $5 and costs to the city exchequer. W. D. Quinn got the same for communing with Morpheus at Third and Harnett streets.

George Lowe and Maggie Simmons, a festive Saturday night pair, who disturbed the restful slumbers of Sergeant B. R. King and were run in from Eighth and Wooster streets, were taxed with five plunks.

John Thomas Brown and Albert Brown, colored, for engaging in an affray at Fifth and Castle, were reported by Officer J. S. Lane and each was required to contribute $5 to the school fund.

Leo Cogdon, a colored lad who came here, it is said, with the Newbern company at the firemen's tournament, was charged with the larceny of a watch from John Andrews, a restaurant keeper. He was bound to the higher court under bond of $50, which he could not give and went to jail.

JAMESTOWN EXPOSITION TRIPS

Miss Ramsey, of Wilmington, First to Complete Subscription List.

Miss Annie Ramsey, of this city, is the first of several young ladies entered in the Jamestown Exposition trip contest, to complete the list of subscriptions to the Morning Star, winning the first of the propositions and the highest award in connection with the offer which is published elsewhere in today's paper. Miss Ramsey's record for a comparatively short time was $125 in prepaid new subscriptions, for which the award was a ten day round-trip to the Exposition and $35 in cash for all expenses.

Encouraged by her success several others have begun to complete one or the other of the propositions, which is advertised extensively in another column, and are confident of attaining equal success. There are eleven propositions in all for prepaid new subscriptions in amounts ranging from $40 to $125 and all have awards of from $5 in cash and free transportation from any part of the State to the Exposition and return up to $35 in cash and round trip ticket to Jamestown. Where it is desired, the winner of any of the propositions may receive the cash fare to the Exposition and return, selecting their own route and convenience for attending. The season at the Exposition is just now opening and in a short time any or several of the propositions may be worked out with comparatively little trouble and no expense.

BEGINS WORK TODAY.

Fayetteville Street Railway Seems a Certainty—River Boats.

Fayetteville, N. C., Aug. 12.—The Fayetteville Observer this afternoon prints the following interesting and pleasing news to upper Cape Fear people:

"Tomorrow morning, without ceremony, and little ado, the first shovel of earth will be thrown, in the work of construction of the proposed street railway system by the Fayetteville Street Railway and Power Company.

"Work will be begun at the Gillespie street crossing of the A. & Y. division of the A. C. L., near the court house, and will be pushed on toward Hope Mills. This line will run down Gilespie street, up Massey's Hill to the Holt-Morgan mill, around which it will skirt, until it reaches the old C. F. & Y. V. abandoned bed, about 100 yards from the mill, and thence on to Hope Mills.

"The rails, 35-pound ones, have been ordered some time, and an order was recently placed for the gasoline motors, which will be used until electric power can be secured.

"The City of Fayetteville cleared for Wilmington this morning with an excursion party, and the C. W. Lyon went down to Cedar Creek with a negro excursion."

RAILROAD IN BLADEN

Interesting Interview With Mr. Wm. Moncure in Raleigh.

The Fayetteville Observer of yesterday afternoon says:

"In an interview in Raleigh recently, Mr. William Moncure, so well known in railway circles, and particularly for the last few years as a builder of roads, said that Henry E. Lichford, of Raleigh; John G. Shaw, of Fayetteville; D. E. McIver and C. L. Chisholm, of Sanford; himself and others are now arranging to build the Bladen and Northern Railway, from Stedman on the Atlantic Coast Line, to White Oak, in Bladen county, a distance of 20 miles. He says it is to be a road to get at timber and that it will reach what is perhaps the finest body of standing pines now in North Carolina—about 200,000,000 feet, of which this company owns 50,000,000. Much of it is long leaf. The road is to be 20 miles long and work will be in progress within 60 days from this date. The road will be standard gauge and will handle passengers."

LEASE OF ROCK QUARRY

County Will Conduct Operations on Rhodes Place in the Future.

The lease of the new county rock quarry in East Wilmington by the Board of County Commissioners from Mr. I. B. Rhodes and wife was filed for record yesterday. The lease is for two years with the privilege of three years thereafter on lands described as "just beyond and east of the city of Wilmington, adjoining Mill Creek and Green's Mill Pond on the east, in Harnett township, as far eastward as a point 100 feet westward of where the slaughter pen is now situated and southward of said Mill Creek and Green's Mill Pond as for the purpose the same may be properly used and worked for the purpose of searching for rock, stone, marl and lime, and of conducting mining and quarrying operations."

The royalty to be paid is six cents per ton of 2,240 tons for all rock, stone, marl and lime that may be removed from the premises. It is stipulated that the county, if advisable, may sublet the quarry or any portion thereof to C. H. Dock & Co.

Entertainment Tonight.

The Junior Epworth League of Market Street M. E. Church will give a pleasant entertainment tonight from 8 to 11 o'clock at the home of Mr. and Mrs. John H. Beery, No. 411 Walnut street. No admission will be charged, but during the evening refreshments will be served for the benefit of a fund with which to purchase a corner-stone for the handsome new church edifice which will soon be erected. All friends are cordially invited to attend the entertainment and are assured a pleasant evening.

ECHOES FROM TOURNEY

Glowing Tribute Paid to Wilmington's Entertainment by Returning Firemen From All Over the State The Asheville Fire Laddies.

Firemen from all parts of the State returning from the Wilmington tournament are quoted in their local papers as being enthusiastic in their praise of the manner in which they were entertained while here. The Asheville companies having taken first prize in several of the contests held during the week, the Citizen of Sunday has a cartoon representing Asheville as a beautiful young woman crowning a fireman with a laurel wreath, saying at the same time "Behold the Conquering 'Ero.". The Charlotte Observer says this is quite a proper form of speech, seeing that the editor of the contemporary is an Englishman, but be this as it may, the cartoon is quite a neat expression of appreciation of the paper's local fire department, who are among the best in the State. The Asheville men got home Saturday with five prizes and received a joyful welcome from those who remained at home.

Saturday's special to the Star told of the ovation given the Raleigh laddies upon their return to the capital city and Sunday's Winston Journal speaks in glowing tributes paid to the Wilmington tournament by the Twin-City laddies. Saturday afternoon's Fayetteville Observer has the following interview with President James D. McNeill, of the State Association:

"The attendance was enormous, taxing Wilmington's capacity both in the city and at the seashore resorts to its full extent. Practically every fire department in the State was represented in the convention, and the tournament was crowded with events. It is one of the biggest annual events in the State. The next place of meeting was left to the Executive Committee for several business reasons. We do not think there is much doubt but that Fayetteville could secure it with but little effort, our only trouble would be in taking care of the crowd."

Referring to the accident of the Asheville hook and ladder truck while practicing on Thursday, the Citizen of the mountain metropolis says:

"The only unfortunate feature was an accident which happened to John Herren, of the hook and ladder. At the practice on Wednesday the horses swerved and ran over a fire plug, the axle snapping it off like a pipe stem, but they were stopped and then somehow Mr. Herren fell off the the truck onto his knee, splintering his knee cap badly. Next day the knee was badly swollen, but the plucky fireman took part in the contest although suffering much. He was informed before the race that he must not take part or he might be crippled for life. It is possible that he may now have to go to a hospital, as the injury is in a bad place."

TRUCKERS' ANNUAL MEETING.

East Carolina Association Will Assemble Here Tomorrow Week.

The annual meeting of the East Carolina Fruit and Truck Growers' Association was yesterday called to be held in the Court House in this city on the afternoon of tomorrow week, August 21st, at 2:30 P. M. The meeting will follow a session of the Executive Committee on Tuesday, 20th at 11 A. M., in Room No. 3, Masonic Temple. The directors will meet the morning of the general meeting at 10:30 o'clock, this being for the purpose of having everything arranged for the stockholders when they assemble.

The meeting of the truckers this year will be one of the most important held in years in that some definite action will be taken at this meeting on the question as to whether or not the machinery of the Association is to be continued. Secretary Bauman, it is understood, will present at the meeting a comprehensive report of the working of the Association, not only for the past season but for the eleven years that the organization has been in existence.

WARRENTON IS DRY

Prohibition Election There Yesterday. Governor's Speech.

(Special Star Telegram.)

Raleigh, N. C., August 12.—Governor Glenn tonight received a telegram from R. E. Boyd at Warrenton stating that the prohibition election there today had been carried by the temperance advocates. The Governor spoke there Sunday night and is much gratified at the result of the election.

Attend Grand Encampment.

Mr. John E. Wood, grand representative from Campbell Encampment No. 1, I. O. O. F., of this city, and Grand Senior Warden W. L. Smith, of the Grand Encampment, will leave for Winston-Salem this afternoon to attend the 60th annual session of the Grand Encampment of North Carolina, which will bec aled to order at 8:30 o'clock tomorrow evening. The delegates and officers are looking forward to a most pleasant meeting.

Remains Sent to Conway.

The remains of the late Mr. Joseph Todd, who passed away in this city early Saturday night, were taken yesterday morning on the 5:15 o'clock train to Conway, S. C., for interment. The funeral was conducted Sunday afternoon from the late residence by Elder J. W. S. Harvey ,of the Second Advent Church.

HER RESCUE DARING

Narrow Escape From Drowning of Miss Riley of Atlanta at Wrightsville Beach.

BROUGHT IN BY LIFESAVER

Young Mr. Freeman Yopp Hero of a Thrilling Incident Sunday About Noon—Presented With Handsome Purse by Hotel People.

Miss Marvin Riley, of Atlanta, Ga., had a narrow escape from drowning in the surf in front of Hotel Tarrymoore on Wrightsville Beach Sunday about noon, her heroic rescue by young Freeman Yopp employed as life-saver at the hotel being an incident of courage and daring that is the talk of the beach.

Miss Riley, with two other guests at the hotel, was in bathing with a gentleman and she drifted out beyond her depth, away from the others of the party. It was not bathing hours at the hotel and young Mr. Yopp was off duty, having been dressed and seated on the third floor porch of the hotel, when the cries of the lady in the surf attracted his attention. He took in the situation at a glance, began tearing off his outer garments as he slid down the posts of the porches, leaving others in his wake on the sands of the beach as he ran, and plunged into the water, swimming out to the woman who was rapidly losing all control of herself.

In her struggles when the lifesaver reached her, Miss Riley caught at young Yopp frantically but he resorted to heroic methods of bringing her into submission, and he was soon on his way in with the lifeless form in his arms. Other help had started out in the meantime, and both the lifesaver and his charge were brought ashore more dead than alive.

Heroic treatment was resorted to in bringing Miss Riley back to consciousness and during the night her condition was such as to require a physician constantly with her. Yesterday, however, she was much improved and is thought now to be out of danger. Mr. Yopp was brought around all right by the large crowd of people who were attracted to the beach by the heroic action of the young man, who was showered with congratulations. He was seated on the porch at the time he heard the shouts of the young woman with Miss Gallagher, of Birmingham, Ala., a friend of the young lady in the surf, who feinted when she saw the predicament of her companion.

The life saver's act was soon recognized by Proprietor W. J. Moore and the guests of the hotel, who in a short time made up a purse of upwards of a hundred dollars for the young man.

Mr. W. C. Manson, engineer in charge of the fleet of boats at the Tarrymoore, and Mr. W. W. Blair, of this city, were among those who first met with the life line the life saver and his charge as they came in exhausted, while several others assisted in the launching of a boat.

Mr. Yopp swam in nearly five hundred yards with the young woman on his arm, the tide going out and the undertow against him. Those who witnessed the affair say there can be no exaggeration of young Yopp's efforts on this occasion and they accord him all praise for his heroic work.

ARRESTED ON SUSPICION

Negro May be Implicated in Effort to Wreck Coast Line Train.

At the instance of Atlantic Coast Line detectives who are at work on the case, Policeman C. W. Kunold, of this city, yesterday arrested on the wharf a negro who is believed to have been implicated Saturday in an attempt to wreck the Wilmington-Columbia train of the Atlantic Coast Line, just this side of the Pee Dee trestle in South Carolina. Early in the day from Florence came a telegram to the police giving description of a negro thought to be implicated in the attempted wreck and making this way for the purpose of shipping on some vessel in port. Officer Kunold says the negro was inquiring at shipping offices and he was arrested on a warrant charging him with vagrancy, pending a further investigation by the railroad special agents who are here at work on the case.

The attempted wrecking of the train is supposed to have been for the purpose of robbery and occurred Saturday morning, four miles this side of Pee Dee trestle. A cross-tie was found across the track. Attached to the train was the private car of Superintendent Anderson aboard which were Mr. Anderson and Mr. C. M. James, engineer of roadway. The engineer saw the obstruction just in time to stop the train and avert a catastrophe.

Mr. Anderson telegraphed to Florence and other points for bloodhounds, with orders to rush them to the scene with the least possible delay. One dog was secured at Florence and carried to the scene, but he failed to take the trail.

NORTH CAROLINA WEEK.

The Norfolk Virginian-Pilot, of Sunday, says:

"This week has been set apart as North Carolina week at the Jamestown Exposition, and Thursday will be aspecialy celebrated as North Carolina Day. That the occasion will prove one of the most interesting, enjoyable and largely attended in the history of the celebration goes without saying. Whatever North Carolinians undertake they do worthily and well. That's the Old North State's way.

"From the very inception of this great and patriotic undertaking. North Carolinians have evinced an interest in its success only less lively than that of Virginians themselves. Quick to recognize and appreciate the Exposition's value as a mean's of advertising to the world its many and varied resources, North Carolina has erected there a building and made an exhibit which constitute a distinct credt to even so great and resourceful a commonwealth as it undoubtedly is. It is no depreciation of what the newspapers of other Southern States have done in this respect to say that none have been more zealous than those of North Carolina in advertising to the country the historical importance and educational value of the Jamestown celebration or more quick to resent and to repel unjust and unwarranted attacks upon it, prompted by ignorance or malice. In many other ways have North Carolina and North Carolinians shown their interest in the success of the undertaking, but the culminating evidence of their friendliness is contained in the fact that the State will celebrate not a single day but a whole week at the Exposition. Governor Glenn has issued a proclamation urging that the week be made a record-breaker in the history of the celebration, and, if all indications fail not, it will. From the mountains to the sea, from every city and county, from every town and hamlet in the Old North State thousands and tens of thousands of loyal 'down homers' will flock here this week to testify to their friendliness to Virginia and Virginians and to their interest in the Jamestown celebraton.

"To say that they will receive the warmest of welcomes from the Exposition, from Norfolk and from Virginia is altogether superfluous. The pleasant and uninterrupted social and commercial intercourse which has always existed between the two great commonwealths and the ties of sentiment which bind them combine to make North Carolinians and Virginians one people in everything save in name. The dividing line between the two States serves no other purpose than to make a political division, citizens of both feeling almost as much at home in one commonwealth as the other.

"But especially should North Carolinians feel at home in Norfolk, which numbers among its most successful business and professional men so many sons of the Old North State—men who have in no small measure contributed to making Norfolk what it is today and upon whom the city relies in no little degree for its continued progress and development. In fact, Norfolk is only less a North Carolina than a Virginia city. In coming here the North Carolinian may feel that he is enterngfi not alone the house of a frend, but of a kinsman as well,

"Throughout this week Norfolk and the Exposition will keep open house. Our gates, our homes and our hearts are stretched wide.. Let the North Carolinians walk in, hang up their hats and make themselves at home. The more that come and the longer they stay, the better we shall like it."

North Carolina reciprocates all these fine sentiments and will go to the Exposition to do her best to make it look like a North Carolina affair.

CURTIS' WONDERFUL NEW MOTOR.

The Star a few days ago mentioned that Frank C. Curtis, of Milwaukee, according to newspaper dispatches, had invented a battery that would rival the Standard Oil Company in its capacity for providing electric light so economical that each private house could have its own lighting plant. We now see the battery alluded to as a motor. The Brooklyn Citizen thus refers to it in an editorial paragraph:

"Filling less space, and of lighter weight, than the electric motor now in use, are two of the recommendations given the electric motor devised by Frank C. Curtis, of Milwaukee, who asserts that it has been tested in runs of 150 miles each in a runabout and a submarine boat. But, its main recommendation is its small cost, and if all that is said of this can be relied on, the end of the gasolene motor is apparently near. More than that, electric automobiles and motor boats should soon be reduced in price to a point within the means of the multitude."

SOME COTTON INQUIRIES.

A special dispatch from Washington to the New York Journal of Commerce states that the Bureau of Corporations in the further prosecution of is cotton inquiry has sent men into the Northern spinning field. The agent will visit the principal spinning centers in Massachusetts, Rhode Island and other States for the purpose of getting the views of spinners with reference to the question of speculation on the New York Exchange. They will inquire into the extent to which the spinners buy through the Exchange, the extent of the practice of hedging on orders, the utility of this practice, the character of the cotton obtained in purchases made on the Exchange, and various other points.

Former experiments in that county have proven that minerals of various kinds are to be found in abundance in that section. In fact a greater part of North Carolina is rich in mineral stores, and every few days news of new mining operations is sent out from the different parts of the State. This is good to hear. It will not be many years, we predict, until we will realize that our greatest riches are to be found under the fertile soil of this good State.—Charlotte News.

—Secretary Taft's journey to the Philippines seems to be inspired by sentiment more than anything else. The American people are not so well pleased with the success of the nation's venture in the Orient that they will attach importance to the Secretary's presence at the opening of the Filipino National Assembly. On the sentimental, as well as the practical, side the acquisition of the Philippines has proved woefully disappointing. But it must be said in justice to Secretary Taft that he has done all that any American official could do, subject to the limitations imposed by the executive and congress, to make our Philippine adventure less disastrous and burdensome than it would have been under the administration of an indifferent or incompetent civil governor, or an inefficient and indifferent Secretary of War.—Baltimore Sun.

TWINKLINGS.

—"My face is moy fortune, sir," she said. "How long have you been broke?" queried the rude man.—Chicago Daily News.

—"How long do you intend to be gone on your vacation?" "Two weeks' salary and a loan of $30."—Milwaukee Sentineld.

—"She is a nice girl, isn't she?" "Very. The kind of a girl you'd like to marry, after you've gotten through falling in love."—Life.

—"I saw Senator Jinks about his visit to the President." "What does he say?" "He says that his call was purely a political one and has no personal significance whatever."—Louisville Courier-Journal.

—"I s'pose," said Uncle Eben, "dat it's one of de pervisions of Providence dat makes a man without much sense want to talk a whole lot an' give hisself away, so's he won't fool anybody. —Washington Star.

"Now, Charlie, you must be a good boy. You have a nice new brother. Aren't you pleased?" "Oh, I don't know. It's always the way. Just as I'm getting on in the world competition begins."—Tit-Bits.

—"On what grounds," demanded Miss Strongmind, "do you base the superiority of the man?" "Well," hesitated Mr. Meekton, "we positively refuse to have our clothes button down the back."—Philadelphia Record.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co. Detroit, Mich.

Two sizes—50 cents and $1.00.

ONLY ONE "BEST"

Wilmington People Give Credit Where Credit is Due.

People of Wilmington who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in Wilmington. Here's Wilmington testimony:

B. R. King, the well known policeman, residing at 706 Wooster street, Wilmington, N. C., says: "I had terrible pain in my back, which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I put on plasters and rubbed it with liniments and none of them helped me. Seeing Doan's Kidney Pills recommended, I got a box of them at Bellamy's drug store. The next day after commencing to use them I noticed relief. Since using two boxes I have not had an ache or pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

About the Limit.

A newly married couple came in a hotel where we were resting and asked how much it would cost to get two bowls of boiled rice and milk and were informed that the price was 15 cents per portion. The groom pulled a small package wrapped in a bit of newspaper from his pocket and, opening it, displayed about a double handful of rice, which he said they had gathered from their clothing after the shower which followed the early morning wedding. He inquired how much would be deducted if they furnished their own rice and upon being informed that no allowance could be made became indignant and remarked that they would wait until they reached home for their dinner rather than submit to such unfair dealing and left the place. The proprietor said that the young man owned one of the best farms in the town and had established quite a famous reputation locally for economy, although that is not exactly the way he expressed it.—Forest and Stream.

Lowell Got His Whacks.

In his volume on the practice of diplomacy John W. Foster relates an illuminating anecdote concerning James Russell Lowell when he was our minister at Madrid. At a royal reception Minister Lowell, in plain evening dress, was preceded up the palace stairway by a minister from Central America, gorgeously appareled, wearing a jeweled sword, who was saluted at each landing by the magnificent halberdier with a heavy whack of the battle ax on the marble pavement. As Mr. Lowell wore no insignia of office, he received no attention. At last, his patriotic blood boiling, he addressed the halberdier in excellent Spanish, "Do you know who I am?" "I don't." "Well," said Mr. Lowell, "I am the minister plenipotentiary of the United States of America, the greatest nation on earth, and if you don't whack the next time I pass you I will forget you at Christmas!" And the halberdier whacked thereafter as directed.

Child Cynics.

A London writer exclaims at thinking "there is really nothing to account for the extraordinary critical mood which the modern child has developed in regard to toyland." The modern child will simply not make believe. Little boys and girls alike become sticklers for the "correct thing," and if the build of a steamship or a motor car, the cut of a doll's frock or the mysteries the eye does not usually see are not "just like" the real thing there is trouble. It is said that toy makers have even now to employ scientific experts and French milliners if they hope to pass the critical eyes of the "new child." The fact is the modern child is born a cynic and a sated little darling. It has no emotions, no desires save to destroy and be lived and breathed for by necessary parents. —Boston Herald.

Romance of a Necklace.

Some years ago an old Frenchwoman died in a poor part of Dublin, and her little effects were put up for auction. Among other odds and ends was a necklace of dirty looking green stones, which did not attract much attention. However, a shrewd pair of dealers thought there might be "money in it" and decided on purchasing, clubbing together £5 for the purpose. On taking it to a well known jeweler he promptly offered £1,500, which sum they refused and sold the necklace of purest emeralds for £7,000 in London, where Lord Rosebery on his marriage purchased it for something like £20,000. The old Frenchwoman's mother had been attached to the court of France, and the emeralds had once formed part of the crown jewels.—London Answers.

A Smooth Villain.

"Before we were married," she complained, "you always engaged a cab when you took me anywhere. Now you think the street car is good enough for me."

"No, my darling, I don't think the street car is good enough for you. It's because I'm so proud of you. In a cab you would be seen by nobody, while I can show you off to so many people by taking you in a street car."

"You dear! Forgive me if I gave you pain in saying what I did."—Chicago Record-Herald.

The Story of a Charm.

A titled English lady has a story of a woman who had a little Japanese charm given her. Every time she wore it some mischance happened, and she generally fell ill. Her son at last took the jewel to the keeper of the Japanese curios in the Paris museum and requested to be informed what the charm represented. "This," said the expert at once, "is the emblem of sickness." The woman never wore it again.

"Writing for the press."

"Thankless sort of work, ain't it?"

"Bless your heart, no! 'Bout everything I write is returned with thanks."

CARLOAD OF HAPPINESS.

Salvation Army Party of Little Folks Off This Morning.

One hundred little children, less fortunate than many tots of Wilmington, blessed with good homes and parents of means, will be taken this morning at 9 o'clock on a special suburban car to Wrightsville Beach, where they will enjoy a day's outing as the guests of a kind-hearted gentleman, who, through the Salvation Army, has provided for all the expense of the trip upon the one condition that his name be not given in this connection. Adjutant and Mrs. Yates, of the Salvation Army Corps, will be in charge of the party and all day will be spent by the ocean, where the little folks will disport themselves on the sands and enjoy the other features of an excursion to the ocean. A fine picnic dinner will be served and the return to the city will be leaving the beach at 5 o'clock this afternoon. The Consolidated Company has kindly consented to side track the special car for the party, and on board the car the dinner will be served in picnic fashion. It will be a day long to be remembered by these little folks and their hosts, Adjutant and Mrs. Yates.

FIRE AT CAPE FEAR MILL

Damage of About $300 There Yesterday Afternoon Early.

Damage of about $300 to belting and machinery was wrought at the mill of the Cape Fear Lumber Company yesterday afternoon a few minutes after 2 o'clock. The fire was next to the engine room and had gained some headway when discovered by the men at the big plant. The Department was called out in response to an alarm from box 124 at 2:15 o'clock but the fire brigade at the mill under the direction of "Chief" J. A. Karr had extinguished the flames in short order. The work of the mill department is highly praised and but for the prompt work of the employes of the company, the fire so inaccessible, might have threatened the entire plant. The loss is fully covered by insurance.

I. O. O. F. Orphans' Committee.

The joint committee of the four lodges of Odd Fellows in this city will meet tonight in the parlors of the Odd Fellows' Home at 8:30 o'clock, for the purpose of completing arrangements for entertaining the children from the Odd Fellows' Orphanage at Goldsboro, who will be here next week for their annual outing. All members of the joint committee are earnestly requested to be in the attendance.

Tow to Port Royal, S. C.

The steam tug Sea King, Capt. Jas. S. Williams, left yesterday morning for Port Royal, S. C., towing the schooner A. & M. Carlisle, Capt. Horner, which put in at Southport some days ago, after having been out for nearly a month. Capt. Horner and his men were worn out and the vessel was in none the best shape for continuing her voyage, hence she took a tow.

LOCAL DOTS.

—New Hanover Council, Daughters of Liberty, will meet tonight at 8 o'clock. All members are earnestly requested to be present.

—What's become of the light in the Court House tower? In the wee sma' hours of the night it's an old friend that's hard to be without.

—The Casino moving picture theatre at Wrightsville Beach has closed for the season. The Wonderland theatre at the cart house on North Fourth street has also closed for the season.

—By deed filed for record yesterday O. W. Bailey and wife transferred to John Austin, for $100, undivided half interest in property on west side of Dickinson, 132 feet south of Green street, 33-165 feet in size.

—In the show window of the Gerken Tobacco Company there is an interesting exhibit of the National Cash Register Company. It consists of one of the latest registers operated automatically for advertising purposes by electricity.

—The following building permits were issued yesterday: Joe Schadd, contractor, improvements to St. Paul's Evangelical Lutheran Church, to cost $12,000. Chas. E. Walker, two-story dwelling on Second between Wright and Dawson streets, to cost $800.

—While attempting to board a trolley car at Wrightsville Beach yesterday morning, Capt. Joe Meier, the veteran tailor on Second street, was thrown violently and severely hurt. He had several bruises on the side and a cut on the face.

—The schooner George E. Dudley cleared yesterday for New York with a cargo of 419,000 feet of lumber from the Cape Fear mill. The schooner Lord of Avon was also cleared yesterday, with cargo from the Kidder Lumber Company for Demerara, British Guinea. Both vessels are reported by C. D. Maffitt.

—John McNeill, colored, to have been married within a week to another woman, was overtaken at steamer wharf yesterday by a warrant from Justice Bornemann's court, charging him with seduction under promise of marriage, the prosecutrix being Emma Armstrong. The arrest of McNeill necessitated an entire change in his wedding arrangements, he having been married to the other woman, who had him brought into court under the charge stated.

—Wilmington friends will be interested in the following note from yesterday's Charlotte Observer: "Rev. Gilbert T. Voigt, of Charleston, S. C., who during the absence of Rev. R. C. Holland, pastor of St. Mark's Lutheran Church, is acting as pastor, will leave first of September for Germany, to pursue theological studies. Mr. Voigt is giving great satisfaction in his work and the people of the congregation are delighted with him. His father is dean of the theological seminary at Charleston, S. C."

FREIGHT RATE MATTER

Conference in Raleigh Not Satisfactory to Shippers.

(Special Star Telegram.)

Raleigh, N. C., August 12.—The conference between the Corporation Commission, counsel for shippers and Traffic Manager Devant, of the Norfolk and Western, resulted in a statement by Mr. Devant that he regards North Carolina rates fair and just; that the rate to Lynchburg and other Virginia points was in operation when his company entered the field and was fixed by the C and O. He admits a small profit in Virginia cities rate but declares the company cannot operate at a profit on lower general rates than those granted North Carolina points. He intimated he sees no relief his company can give in alleged discrimination. On the strength of this it is understood that the Corporation Commission and counsel for shippers will make up a case for the Inter-State Commerce Commission and fight the matter out in the courts. Special counsel will be employed by the State. General Carr, of Durham, and others were here prosecuting the case.

Mrs. Emily A. Parsons, mother of Mrs. Hill E. King, died here this afternoon, aged 80 years. Remains will be carried to Wilmington Wednesday morning and then to Barlow's Chapel, Pender county, for burial.

TO SCHOONER'S ASSISTANCE.

Tug Blanche Left Sunday Morning for Cape Lookout—No Report.

The steam tug Blanche, of the Wilmington, Southport & Little River Company, in command of Capt. O. D. Burriss, left Sunday morning in response to a telegram asking for assistance for the schooner Mary Sanford, 455 tons, Capt. Smith, bound from Boston to Georgetown, S. C., with part cargo of 200 barrels of cement. During thick weather Saturday night she was driven head-on on the beach 20 miles northward of Cape Lookout. While the vessel was reported in no immediate danger, the captain desired assistance and the Blanche was telegraphed for. The owners of the tug in this city had received no word of the vessel last night, but it is presumed that she has been floated by this time and is on her way in at Southport.

MR. ASHLEY HORNE COMING.

Will Be Here Today to Attend Furniture Men's Convention.

Hon. Ashley Horne, of Clayton, perhaps the leading candidate for gubernatorial honors in this State at the present time, will arrive in the city today for the purpose of seeing a number of his good friends in Wilmington and to speak at one of the sessions of the convention of the Retail Furniture Dealers' Association at Wrightsville Beach. While in the city Mr. Horne will be a guest of Alderman W. A. French, Jr., and will receive a cordial welcome from many friends and supporters in the city.

Souvenirs at Lumina.

Pretty favors in the form of Japanese fans were given as souvenirs at Lumina last night. The number of dancers was quite large and the fantastic effect added by the presentation of souvenirs was pleasing to quite a number of spectators there for the dance.

FATAL ACCIDENT NEAR WILSON

Young Man From Dunn, N. C., Fell Between Cars—A Murder.

Wilson, N. C., August 12.—C. C. Hoyle, a young man from Dunn, N. C., and employed for some time at the mill of the Dennis-Simmons Lumber Co., 15 miles south of Wilson, fell between two cars of a freight train on the Coast Line about 10 o'clock last night just this side of Contentnea Creek, receiving injuries which later caused his death in this city. The young man was coming from the mill to Wilson and was discovered by the conductor on top of one of the cars of the freight. The conductor asked him to come down and stay in the caboose but in walking backward he fell between two cars of the moving train. Both legs were cut off, one just below the knee and the other just above the ankle, while his hands and face were bruised up badly and some of his teeth were knocked out. The young man was brought to the sanitarium here as quickly as possible but died as he was laid on the operating table. His remains were sent to Dunn today for interment.

The sheriff of Edgecombe asks the local police to look out for Will Harris, a mulatto, six feet tall, wanted near Tarboro for murder committed Saturday night between 11 and 12 o'clock. He became involved with another negro over a woman and fired into his body twice, making good his escape.

MILITARY OFF IN GOOD SHAPE.

Light Infantry and Naval Reserves Left for Jamestown Encampment.

With full ranks and colors flying, the Wilmington Light Infantry, 47 officers and men under command of Capt. Wm. F. Robertson, and the Wilmington Division, Naval Reserves, 35 men in ranks under command of Lieutenant John B. Peschau, Junior Grade, left on an A. C. L. special yesterday morning at 12:01 o'clock for the annual encampment at the Jamestown Exposition. The men were all enthusiastic over the trip and are looking forward to a week of pleasure not unmixed with some of the hardships of army life. The special moved with reasonable promptness and reports last night were that the commands had arrived in good shape.

The Wilmington special picked up the Clinton company, hospital corps, Wilson, Tarboro, Lumber Bridge and one of the Goldsboro companies en route, the Clinton company and hospital corps joining the train at Warsaw, on a special train over the Clinton branch and the Lumber Bridge company catching the special by regular train at South Rocky Mount.

SCHOONER SUNK IN COLLISION

Four Men of Crews of Myronus Drowned.

(By Wire to The Morning Star.)

New York, August 12.—The three masted schooner Myronus bound from Rockland, Maine, for New York with a load of granite, was sunk in the middle of Long Island Sound early today in a collision with the Neptune steamer Tennessee, bound from Fall River to New York. Four of the Myronus crew were drowned but Captain Belatty and one of his crew were rescued. The Tennessee was crowded with passengers who were taken off by the New Bedford line steamer Maine and brought to New York. The Tennessee did not appear to be much damaged.

RICHARD MANSFIELD SICK MAN

Great Actor Being Treated by Nerve Specialist.

(By Wire to the Morning Star.)

Saranac Lake, N. Y., August 12.—Dr. L. J. Lemiox, of Montreal, a specialist in nervous diseases, has again been attending Richard Mansfield, the actor. While the family declares that there is no change in the condition of the patient the indications are that Mr. Mansfield is not as well as when he first came to the Adirondacks two weeks ago. He no longer goes on his daily drives. At first, unfavorable weather conditions were advanced as the reason but the weather is now perfect.

ALLEGED PEONS TESTIFY

Russians Say They Were Kicked, Beaten and Threatened.

(By Wire to the Morning Star.)

Raleigh, N. C., August 12.—Russian witnesses in the peonage trial at Beaufort testified today that they were kicked, beaten and told that they must work or go to jail. Some went to jail but others were afraid to refuse. Witnesses said that Kline made threats in person. The evidence today went by name and number with acts of peonage committed by Kline and charges him directly with making threats.

WARM WIRELETS.

The 43d annual convention of the International Typographical Union of North America was called to order yesterday at Hot Springs, Ark. After addresses of welcome, the annual reports of the officers were received. There are about one thousand delegates and visitors in attendance.

Governor Guild, of Massachuetts, commanding as Admiral, the Massachusetts State Naval militia, arrived in Hampton Roads yesterday on the United States gunboat Newport for the Massachusetts and Boston day celebrations at the Jamestown Exposition today. Other Massachusetts State officials arrived today by steamer from Boston.

The Limit of Life.

The most eminent medical scienists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being strongly urged; careless then being fatal to longlevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine, that revitalizes every organ of the body. Guaranteed by R. R. Bellamy, Druggist. 50 cents.

The Potato.

The common potato was at the time of the discovery of America in cultivation from Chile, to which it is indigenous, along the greater part of the Andes as far north as to New Granada. It was introduced from Quito into Spain about 1580 under the name of "papa," which in Spanish it still bears. From Spain it found its way to Italy, where it became known as "tartuffalo," and thence was carried to Mons, in Belgium, by one of the attendants of the pope's legate to that country. In 1588 it was sent by Philippe de Sivry, governor of Mons, to the botanist, De L'Ecluse, professor at the University of Leyden, who in 1601 published the first good description of it under the name of "Papas peruanorum," and stated that it had then spread throughout Germany. Recommended in France by Caspar Bauhin, the culture of the tuber rapidly extended in 1592 throughout Franche Comte, the Vosges and Burgundy. But the belief becoming prevalent that it caused leprosy and fever, it underwent an ordeal of persecution from which it did not recover until three-quarters of a century afterward.

Sailors' Side Lines.

"Every sailor has a side line," he said. "Many an old shellback makes more out of his side line than out of punching sails and chewing ropes. Watch 'em come aboard for a long voyage. Here's one with a camera, plates and developer. He'll snapshot spouting whales, icebergs, porpoises, wrecks, anything of interest that turns up, for such pictures sell to magazines and newspapers, and he'll photograph his mates at so much a head. Here's a man with $5 worth of fine wool. He'll knit it all up into ladies' shawls during the voyage. With his skillful work he'll change it into $50 worth of wool. The tattooed chap has a chunk of ivory. He'll carve it into little ships. He's very handy that way. The bow legged feller darns stockings and patches clothes. The cross eyed one shaves and hair cuts. As for me, I run a lottery."—New Orleans Times-Democrat.

Colors and Seamstresses.

The seamstress, passing her needle through and through the fabric on her lap, said:

"I love to sew white. I love to sew green too. Pinks are easy. So are most of the clear, pale tints. But black! But red! But shepherd's plaid!"

She threw back her head in horror.

"Bright red, when you sew it, inflames your vision, it angers you, it makes you nervous. Black strains the eyes out of your head, the stitches in it are so hard to see. Black is a depressing color too. But worst of all is that combination of black and white called shepherd's plaid. Work on shepherd's plaid an hour or two and the black and white squares will dance under your eyes like living things. Polka dots dance, too," she ended. "They polka; hence the name."—New York Press.

The Childish Voice Too Much.

A good story is told of Signor Foli, the famous basso. Once upon a time he was singing "The Raft," when a childish voice from somewhere in the stalls suddenly piped in and attempted to organize an impromptu duet. Unfortunately the next line of the song was: "Hark! What sound is that which breaks upon mine ear?" This so tickled the fancy of the great vocalist that he burst into a hearty fit of laughter and left the platform, followed by the pianist. Twice they came back and attempted the song, and finally they had to give it up in despair, much to the amusement of the audience.

SPIRITS TURPENTINE

—Mr. E. R. Preston, and his bride, Miss Julia Jackson Christian, of Charlotte, who were married in Salisbury on Thursday night, are visiting relatives in Lexington, Va., the old home of Mr. Preston's family and the home of Mrs. Preston's grandfather, eGneral Stonewall Jackson.

—Fayetteville, August 10: A. A. Buchan, while sleeping in a hammock in Bullard's stables, in Person street, was attacked about three o'clock this morning by Worth Smith, who struck him with a heavy board over the head and face, and attempted to escape, but was arrested by the police and is now in jail. Buchan is very badly hurt.

—Greensboro, N. C., Aug. 10: Work has been commenced on the proposed inter-urban railway that is to connect Greensboro with High Point and Winston-Salem. A. H. Jones, of this city, has a part of the construction work in charge. A large force of hands started at work today and the road will be completed as early as is feasible.

—Charlotte, August 10: Jo. Johnson, a railroad telegrapher from Atlanta, who has been working at Hamlet recently, announced to a friend here this afternoon that he was going to die and requested that his mother in Atlanta be notified. Soon after that Johnson's eyes closed and he became unconscious, evidently under the influence of a powerful drug of some kind. While the attending physician held that there was no hope of recovery, the man was taken to the Presbyterian Hospital, where all possible was done for him.

—Maxton Scottish Chief, Aug. 9: We are informed by Mr. H. C. McNair, of the Growers Association, that the cantaloupe shipments from Maxton have amounted to 15,000 crates, netting the shipper an average of $1.25 per crate. This means $18,750. The last car was shipped on the 7th; a few crates continue by express. By tomorrow, Saturday, night there will have been about 100 carloads of watermelons shipped netting $135 per car, or $13,500 making a total of $32,250 net, brought to Maxton by these two products within the past few weeks. The melon season is still at its height. Never before have cantaloupes been of as good flavor, or yielded so many to the acre. The above amount is from Maxton station alone, while there have been large shipments by our people from all the surrounding stations.

—Washington, D. C., August 10: If the Department of Justice has its way Thomas Settle, of Asheville and A. H. Price, formerly of Salisbury, N. C., but now a resident of Jacksonville, Fla., would stand no chance for the Florida judgeship made vacant by the death of the late Judge Swayne. Acting Attorney General Russell has given his endorsement to Assistant District Attorney Shepherd of Florida district. It does not follow that the President will be guided by the advice of the Department. Price has the strongest endorsement of any of the candidates, and Settle is strongly endorsed by United States Circuit Judge Pritchard, as well as by a number of prominent Republicans with whom he served three terms in Congress. It is not believed that Judge Swayne's successor will be chosen until the President returns to Washington.

—Hookerton, N. C., August 10: The construction of the East Carolina Railway from Tarboro to Hookerton, North Carolina, is nearing completion. The grading is all done except about three quarters of a mile near Hookerton. The track is laid within six miles of Hookerton and within sixty days we expect to hear the whistle blow near our little village. The building of this road to our place means lots to this section of the county. Greene county has never had a railroad until now. The Norfolk and Southern is building from Kinston to Snow Hill, which will soon be completed. When these roads are opened to traffic and passengers the interior of Greene county will be opened to the outside world. Hookerton is a fine old town, situated on Contentnea Creek, just six miles below Snow Hill, the county seat of Greene county. It is in one of the most fertile spots of Greene county and our farmers are all in good circumstances.

—Asheville, August 10: A strange crime was committed here last night when some one entered the residence of J. A. Wild, on Hill street, administered chloroform to Mr. Wild's daughter, threw a lighted match in the bed clothing where the lady slept, stole a watch, opened all doors and made his escape. The crime was not discovered until the family arose at the usual time this morning. Upon awakening this morning the family recognized the fact that the house was filled with odor of chloroform, while Misss Wild made the additional discovery that the bed on which she slept was strewn with burned matches and that the bedding was scorched in a number of places. As many as a dozen matches that had been struck were picked up from the bed and off the floor. The odor of chloroform was also prevalent in Miss Wild's hair and further search disclosed on the bed a small bundle of rags saturated with chloroform. A bloodhound was taken to the scene during the early morning and taking the scent followed the trail for more than an hour, but finally became confused and lost out. That the dog had the right trail, however, was evidenced by the finding of the fob to the stolen watch which had been dropped and witch was picked up in the wake of the bloodhound.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, Aug. 12.—The cotton market was very nervous and unsettled during today's trading with the close steady at a net decline of 15 to 19 points. Sales of the day were estimated at 50,000 bales. The opening was barely steady at a decline of 2 to 8 opints, and the loss was quickly increased under liquidation and selling for a turn which was promoted in spite of the contnued dry, hot weather in Texas by the weakness in the financial markets and private cables from Liverpool reporting that the trade there apprehended trouble in London over the fortnightly settlement. A private review of crop conditions for the first week of August also made a more favorable showing than expected, and the spread of the telegraphers' strike tended to curtail business as well as to prevent receipt of news from South. Later private wires reported that the official forecast was for showers in southwest Texas and after this the market sold off to a net decline of about 20 to 22 points on the more active months. The close was a point or two up from the lowest on covering.

Receipts cotton at the ports today were 12,216 bales against 1,329 last week and 2,820 last year. For the week 10,000 bales against 7,440 last week and 31,190 last year. New Orleans receipts today 202 bales against 241 last year. Houston receipts not reported.

Spot cotton closed 10 points lower; middling uplands quiet, 13.30; middling Gulf, 13.55. Sales 1,550.

WHAT TO DRINK TO KEEP COOL.

Very Few Beverages Keep the System Cool Without After Effects—One Popular Drink.

Every Summer sees the newspapers full of advice as to what to eat and especially what to drink in order to keep cool during the hot weather. Newspapers and people alike are loud in their denunciation of ice water, but there the harmony of advice seems to end.

Iced tea has a big following, but so has hot tea. The advocates of hot tea take their argument from the Chinese in this country, who drink hot tea in order to bring on a cooling perspiration—but the tannic acid of tea is decidedly injurious—so the physicians claim.

The various drinks known as "summer drinks" all, of course, have their partisans. A drink known as Pepsi-Cola, which is having remarkable success in this territory just now, is perhaps the leader of them all in popularity this summer.

Those who constitute the crowds that call for it at the soda fountains claim for it that it has not only a most delicious flavor, but a strong tonic and invigorating effect as the result of the pepsin, acid phosphate and fruit juices which it contains.

At any rate, this drink, which its makers describe as the "Original Pure Food Drink," has never in its twelve years' history been so popular as it is this summer—and it is not injurious—it's good even for babies. **

"Regular as the Sun."

is an expression as old as the race. No

"Everybody Should Know."

Says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by R. R. Bellamy, Druggist, 25 cents.

It brings to the little one that priceless gift of healthy flesh, solid bone and muscle. That's what Hollister's Rocky Mountain Tea does. Best baby medicine on earth. Tea or Tablets, 35 cents.

TRUST BUSTING WILL PROCEED

Government Will Bring Criminal Actions If Circumstances Warrant Conviction.

MR. BONAPARTE SAYS SO

Proceeding Will Be Brought Against E. H. Harriman to Compel Him to Answer Question Which He Refused to Do.

(By Wire to the Morning Star.)

Washington, August 12.—Attorney General Bonaparte returned today from his vacation at Lenox and took up at once many important matters pending in the Department of Justice. He was unwilling to discuss the reports that he had returned to begin criminal prosecution in the Harriman and Standard Oil cases but speaking generally he said the department stands ready to bring criminal action when there seems a good chance to convict. He expressed no opinion concerning the possibility of conviction in case action is brought in either of the cases mentioned. Discussing the existing statutes he said the Elkins law has been proven strong enough to put an end to rebating but that some more active enforcement might be beneficial. While he had no criticism to offer of the Elkins law he thought that Hepburn act passed by the last Congress may strengthen it materially. Mr. Bonaparte had a telegram from F. B. Kellogg, of St. Paul, who has been acting for the Government as special attorney in both the Harriman and the Standard Oil cases, stating that the taking of testimony in St. Louis against the Standard Oil Company, which is for the dissolution of the concern, will begin in New York on September third.

Inquiry at the Department of Justice elicited the authoritative information that there will be a proceeding to compel E. H. Harriman to answer questions he refused to answer when before the Inter-State Commerce Commission at New York last Winter; also that no other proceedings against him and no proceedings against the Union Pacific have either been determined upon or are now under consideration.

NEGRO NEWSPAPER DESTROYED.

Whites at Onancock, Va., Take Law In Hand—Troops Sent.

(By Wire to the Morning Star.)

Onancock, Va., August 12.—The printing office of the paper which belonged to James Uzzel, the negro editor, who was one of the leaders of the mob, and the store house of Samuel Burton, also a leader of the rioting Saturday night, were burned to the ground by the whites early Sunday morning.

Several negroes' dwellings were riddled with bullets, but no one was seriously injured excepting one negro, who was shot in the shoulder. The negroes, Burton and Uzzel, were thought to be in hiding places in the store which was burned this morning. This caused the burning of the buildings, which was done in a very quick time by throwing oil and gasolene in the building and setting the torch. The building was surrounded to make sure that if the two negroes were there they would have no chance to escpae. Many of the whites, who, toward midnight filled the streets of the town, had come from neighboring towns and country surroundings, lost no time in a search for the men who were especially wanted, being the ones that begun the shooting yesterday evening. But this search was in vain in every respect.

Newport News, Va., Aug. 12.—By order of Governor Claude A. Swanson, a company of 52 soldiers, picked from the Norfolk militia, left Norfolk at 5:30 o'clock this afternoon on the steamer Maryland for Onancock, Va., to quell the race war between the whites and blacks at that place. The steamer made the trip to Cape Charles in about two hours and the soldiers were taken to Onancock on the New York, Philadelphia and Norfolk Railway. Three other military companies of Norfolk and Portsmouth are in readiness to leave for Cape Charles at 5 o'clock tomorrow morning. The condition of affairs at Onancock are unknown here, but the soldiers expect to be ordered to the scene of the trouble before noon tomorrow. The soldiers that left for Onancock this afternoon was accompanied by Colonel Nottingham, commanding the Seventy-First Regiment National Guard, and Major Salomonski, and other officers of the regiment.

YELLOW FEVER IN ARMY

Ten Cases Among American Troops at Cienfuegos.

(By Wire to the Morning Star.)

Washington, August 12.—An official report of the existence of yellow fever among the Cuban army of pacification at Cienfuegos has reached the War Department in a telegram from Colonel Taylor, chief surgeon dated Marianao. Colonel Taylor says there are ten cases of yellow fever in the command at Cienfuegos.

STOCK MARKET VERGES ON PANIC

Transactions in New York Witnessed Slump in Some Prominent Stocks.

STANDARD OIL TAKES DROP

Fell 30 Points to Lowest Figure Since 1899—Confidence Seems to Be Giving Way to Pessimism and Disgust.

(By Wire to the Morning Star.)

New York, August 12.—Last week's liquidating movement in the stock market was resumed at the very opening of business today and save for a few fitful rallies was maintained throughout the session. The greatest losses were recorded by the Hill and Harriman stocks, but a number of the less conspicuous were thrown off less severely. The break was checked before the end of the first hour, but in the late afternoon prices went still lower. New low records were made by some issues and the list as a whole was very near the low level made in the "silent panic" of last March. Sentiment in high financial circles was decidedly pessimitic, reflecting the disgust and lack of confidence which appear to pervade the markets of the world at this particular time. To a very large extent this feeling is based upon existing monetary conditions. Other causes which contributed to today's sensational declines were the weakness of our securities in London, persistent rumors of serious trouble in Berlin, and the strike of the telegraphers. Standard Oil stock made an abrupt decline of 25 points on the curb, selling at the lowest price since 1899. In the final hour another concerted bear attack carried the list to the lowest prices of the day. The weakest issues at that time were great Northern preferred, Great Northern certificates, Northern Pacific, New York Central, Union Pacific, Southern Pacific, Delaware and Hudson, American Smelting, Consolidated Gas, and Interborough-Metropolitan. There was also heavy selling of the United States Steel stocks, much of which was said to be for out of town account. Towards the end the market became more quiet, with a well sutained rally on short covering. The day's business was well in excess of a million shares, more than one-third of which, however, was done in the first hour. The more important declines were: Copper 3 1-4, Smelting 3 3-8, Amaconda 4, Brooklyn Transit 3 1-2, Chicago Terminal preferred 4 7-8, Colorado Fuel 3 1-4, Consolidated Gas 7 1-2, Delaware and Hudson 5 1-2, Erie firsts preferred 3 1-2, Great Northern preferred 3 1-4, Illinois Central 5, Missouri Pacific 3 1-8, National Lead 4 3-4, New Work Air Brake 10, Southern Railway preferred 3, United tSates Steel preferred 2, and Virginia Iron 8. In the specialties, the loss ran to 10 points in American Express and 17 1-4 in Granby Mining. Interborough 4 1-2 per cent. bonds declined 11 1-8 points. Operations for London account amounted to about 50,000 shares. The bond market was weak in sympathy with the movement in stocks. Total sales of bonds today (par value) were $2,252,000. Total sales of stocks today were 1,103,300 shares.

OIL TRUST FIGHTS BACK.

Exposing Some of Government's Methods in Downing It.

(By Wire to The Morning Star.)

New York, Aug. 12.—The following statement was given out at the offices of the Standard Oil Company here today:

The only reply which the Standard Oil Company would make to the latest report of Herbert Knox Smith was the following which they ask the public to consider as illustrative of the method and spirit which dominated the Commissioner's utterances:

"'An actual colloquy between a United States representative of the Bureau of Corporations and an English dealer in Russian oils.

"U. S. Agent—'You have had contract relation in times past with the Standard Oil Company?'

"English Dealer—'Yes.'

"U. S. Agent—'Will you permit me to read the contract?'

"English Dealer—'I will not and am amazed that you should make such a request.'

"U. S. Agent—My reason for making the request is that as a competitor of the Standard Oil Company, I should think that you would be very glad to assist us in downing them.'

"The inquiries, the reports and illogical deductions of all departments of the Government in this matter have been actuated by no other spirit than to 'down the Standard.' What do the American people think of this, not only as a 'square deal' proposition, but for its effect on American commerce?

"The business of the Standard Oil Company has been conducted always with careful reference to the rights of the public and under the best possible legal advice in conformity with our complex laws.

"At the proper time and place full and complete answers will be made to Mr. Smith's erroneous and illogical statements."

STRIKE SPREADS NORTH AND SOUTH

Thousands of Telegraphers Quit Work in Cities in America and Canada

NEW YORK IS NOW AFFECTED

Western Union and Postal Companies and the Associated Press Involved.—Telegraph Business Seriously Crippled.

New York, Aug. 12.—The strike of telegraphers which, originating last Friday in Los Angeles, where it was directed against the Western Union Company, gradually spread eastward and today reached New York city, where three spontaneous "walkouts" followed in rapid succession. These were directed against the Western Union, the Postal Telegraph companies and the Associated Press. In the latter instance the strike was the first against the news organizations, and was fairly general throughout the country, excepting New England. With the stopping of work by a majority of union operators, a situation unparalleled followed. The telegraph though by no means being tied up, was seriously handicapped.

Unexpectedly, and when it had been generally supposed that no action would be taken locally pending a conference of labor commissioner Neill with influential labor representatives inin Chicago, the union operators declared a strike in the office of the Western Union. In explanation it was stated that a secret understanding was reached Sunday, through which authority was given to the local employes of the two telegraph companies to go out any time that their interests seemed to demand immediate action. Just how effective the strike was tonight was a matter of dispute.

The Western Union people claimed to be doing business as usual in this city and to have all the help needed. In fact, they said that they could not use all the men seeking employment. On the other hand, the Union men claim that very few competent men were working, and that the company was being tied.

The Postal people claim to have 85 out of a force of about 300 working tonight, and that they were doing business without serious delay. To this the strikers replied that the Postal had not more than 12 operators at work.

The strike against the Associated Press began at 8:30 o'clock (Eastern time) tonight. It was distinct from the other strikes, as the Associated Press controls its own leased wires and the operators are in the direct employ of the news organization.

Though no demands had been made recently by the men, the strike had been foreshadowed.

General Manager Stone received the first intimation early Sunday night that the teegraphic force of the Association was like to formulate demands. These took shape later that night and were put into the form of a petition which reached Mr. Stone Monday morning. The petition was signed by many of the telegraph operators throughout of the Associated Press throughout the country, and in brief requested a reduction in the hours of service and an increase of wages.

During this afternoon Mr. Store formulated his reply to the operators which was as follows:

New York, August 12.—Melville E. Stone, general manager of the Associated Press, replied today to the requests of the telegraphers employed by the Associated Press. The requests were:

Day Work—Six days, eight hours daily, $30 per week, and over time and extra at the rate of sixty cents per hour.

Night Work—Six nights eight hours $35 per week and overtime and extra at the rate of seventy cents per hour.

The vacations to remain as at presents.

A proportionate increase for chiefs and sub-chief operators.

The telegraphers requested a reply by 7:30 o'clock this (Monday) evening. Mr. Stone's reply follows:

New York, August 12, 1907.

To Operators:

I received this morning a communication from a large number of the operators in the service of the Associated Press asking for a changed scale of wages and hours, and requesting a reply by half past seven o'clock this evening.

The changes involved are so radical in their nature as to add over $200,000 a year, and probably more to the expense of this organization. The Associated Press is mutual in its character, makes no profits and has no surplus fund out of which such a sum could be paid. Any such increase must of necessity be levied back upon the newspapers as a part of their weekly assessments. As general manager, I have no power to make such an increase either in salaries or assessments without authority from the board of directors, and it is obviously impossible to call this board together within the time named. The board consists of fifteen members scattered throughout the entire country.

At the same time acting under authority heretofore granted me by the board of directors, I shall be very glad at any time to meet a committee of our own operators and confer with them respecting hours of service and compensation with a view to making some recommendation to the next meeting of the board of directors which shall meet any fair or just expectations of those in our operating service.

Even were I free to act, I think you must agree with me that a question of this magnitude should not be pressed to a conclusion within the limits of a few hours and without any opportunity for consultation between myself and representatives of our operating force.

(Signed.)

MELVILLE E. STORE,
General Manager.

Thus the situation stood at 6 o'clock tonight when the day force went off duty and the night force came on in all the great news centers of the country. Operators were in an evident state of unrest and the transmission of news was frequently interrupted with messages from point to point canvassing the attitude of the men. Secretary Russell of the Commercial Telegraphers' Union advised the operators to secure a definite date for the consideration of their demands. In some localities a disposition was shown to remain at work until 7:30 Tuesday night in order that Mr. Stone might have reasonable opportunity to communicate with the directors of the Associated Press. On the other hand, the operators at several Southern points indicated an intention not to wait beyond 7:30 o'clock tonight. This sentiment found general acceptance and at 7:30 (Chicago time) or 8:30 (New York time) there was a general suspension of the service throughout the country.

In the New York office the men left their work and quietly withdrew. Sufficient force remained loyal to send a partial news service in all directions.

Mr. Stone remained at the general offices of the Associated Press throughout the night receiving reports from various sections and arranging for the uninterrupted continuance of the news service to the newspapers of the country. One of his first messages was one of recognition for the devotion of those who had remained loyal to the service. Another message directed that all men who had struck be paid off and their services terminated as soon as possible. Towards midnight Chicago reported that at 9:30 service had been resumed South of Louisville to Nashville, Chattanooga, Montgomery, Memphis and Macon.

Washington, which is the great news center for the South, reported that regular routes had been opened to Richmond, Wilmington, Petersburg, Newport News, Raleigh, Columbia, Roanoke, Charlotte, Bristol, Danville and Asheville. Condensed reports were also moving to Greensboro, Knoxville, Norfolk, Augusta, Charleston, Atlanta, Savannah and Jacksonville.

Strikes In Numerous Cities.

Montreal, August 12.—Between 12 and 30 operators in the Great Northwestern Telegraph company's office struck this afternoon in sympathy with the operators in the United States.

Binghampton, N. Y., August 12.—Edward A. Baird, manager of the Western Union in this city, with a party of ten operators, have been drafted to Chicago from this vicinity as strike breakers and left for that city on a special train today.

Atlanta, Ga., August 12.—A long distance telephone message from Savannah, Ga., says the operators in the Western Union and Postal offices went out at 10 o'clock this morning.

Montgomery, Ala., August 12.—The operators who went on strike refused to work the signal wire upon which the government reports are received or to handle business with non-union men in other offices.

Columbia, S. C., August 12.—All Western Union and Postal operators walked out this afternoon. Only the managers of the two offices remain.

Augusta, Ga., August 12.—The entire force of Western Union operators in this city went on strike shortly before noon today.

Jacksonville, Fla., August 12.—All Western Union and Postal telegraphers walked out at 4 o'clock this afternoon. It affects some sixty Western Union and ten Postal operators.

Richmond, Va., August 12.—Western Union and Postal operators voted tonight not to strike unless ordered out by President Small.

Washington, August 12.—The entire force of the Postal Telegraph Company, with the exception of the two chief operators and two wire men, walked out late this afternoon and thirteen of the 43 Western Union operators responded to the strike order at 8:30 tonight.

Charlotte, N. C., August 12.—The Western Union operators here, about thirty in number, walked out at 6 o'clock.

TROOPS FIRE ON STRIKERS.

Many Wounded By Military and Police at Belfast.

(By Wire to the Morning Star.)

Belfast, Aug. 12.—Great crowds of strikers gathered tonight in all the main streets down town, blocking practically all public traffic. The confusion was intense.

The riot act was read, but the crowd refused to disperse and kept up a terrific fusillade of stones, broken bottles and brickbats against the police, and the military. Bayonet and baton charges failed to rout the rioters and ultimately the order to fire was given. The number wounded from the rifle and bayonet charges and otherwise injured is large and tonight the hospitals are over-crowded.

Rioting continued until nearly midnight. The rioters stretched chains across the streets to impede the movement of troops who charged the mob no less than forty times. Six volleys were fired into the mob and official reports state that three were killed, six seriously wounded and hundreds slightly hurt. Police courts sat until midnight hearing charges against alleged rioters.

Korean Prince Denounces Court as Set of Traitors.

(By Wire to The Morning Star.)

New York, August 12.—Prince Yi, nephew of the new emperor of Korea, now a guest at the Broadway Central Hotel when informed today of the action of the Korean court said:

"The Japanese of course are responsible for this. I do not blame them so much, however, as I blame the traitorous Koreans who have sold themselves to the Japanese." The Prince said it would be mere suicide for him to return to Korea, but he will keep up his work here.
